VALIDATOR CLEANING CARDS

From FireKing Security Group

Use Validator Cleaning Cards to maintain peak efficiency and extend the operating life of your validators. Dirt from currency (especially low value \$1 and \$5 notes) builds up on validator sensors and moving parts. Over time dirt buildup will wear out parts and cause reduced bill acceptance. Regular use of Validator Cleaning Cards between scheduled maintenance calls will remove dirt and keep validators operating efficiently.

Cleans and Removes:

- Dirt
- Dust
- Cigarette Smoke
- Magnetic Oxides
- Oils
- Pollution
- Paper Particles

To Clean Your Validator:

- Open and remove the cleaning card from its pack.
- Log in to make a validated drop.
- Insert the cleaning card. Retrieve the card as soon as it is rejected. Repeat the process two more times, then log out and dispose of the card.
- Repeat with a fresh card for each validator.

VALIDATOR CLEANING CARD ORDER FORM

Use one cleaning card per validator each month.

Use cleaning cards more frequently with heavy \$1 and \$5 bill usage.

EACH BOX CONTAINS 15 CLEANING CARDS.
